

Join the EU-Japan Centre's booth at the Japan Energy Summit & Exhibition

A call for applications is currently open for EU companies and their subsidiaries in Japan and Asia developing solutions related to **decarbonisation, energy production and energy efficiency**.

Get a chance to showcase your company at the Japan Energy Summit & Exhibition, one of Japan's leading international events in the sectors of energy and decarbonisation, taking place from 18–20 June 2025 at Tokyo Big Sight.

What to expect?

- Meet the international divisions of major Japanese companies
- Connect with industry leaders and government representatives from across Asia and beyond

Event: Japan Energy Summit & Exhibition (<https://www.japanenergyevent.com/>)

Dates: 18-20 June 2025

Application deadline: 11 May 2025 at 23:59 (JST)

Venue: Tokyo Big Sight (Tokyo, Japan)

Contents: participation with the EU-Japan Centre will provide selected EU companies with the following elements:

- Individual display stand at the EU-Japan Centre's booth
- Translation of poster and company profile, as well as printing of the poster for the exhibition
- Pitching slot at the trade fair's Climatetech Theatre on 18 June 2025
- Support by the EU-Japan Centre staff and professional interpreters throughout the event

Costs:

participation is free of charge for EU small and medium-sized enterprises (SMEs) and their subsidiaries in Japan or other countries. (A participation fee of ¥80,000 will be charged for large companies only).

All participants are responsible for covering the following expenses: flights to/from Japan, accommodation and living expenses in Japan.

Apply now if you are an EU company interested in working with Japanese partners in Japan and across Asia.
