

2025 年 8 月 2 9 日に医療機器・IVD 委員会主催の「夏の講演会及び情報交換会」がゲートシティ大崎 ホール&ルームで 1 0 0 名ほどの参加者で開催されました。

講演会では「医療の多様性 x 価値観の多様性 x 多様なイノベーション」をテーマとして、国際医療福祉大学より池田教授と参議院議員自見はなこ代議士を招き、池田教授からは「医療技術の進展と新たな価値評価：Value Flower の視点から」という題目で医療機器の評価の多様性とその価値の定量性や定性性をどの様に考えるべきか、自見議員からは医療に関する政策決定のプロセス、医療政策の転換期と医学界との役割および今後の医療機器政策の“競争政策”について講演していただきました。

また、情報交換会では厚労省、PMDA、国立健康危機管理研究機構、経産省、欧州代表部、スイス大使館や関係団体を招き委員会メンバー企業からの参加者も交え、100名超の参加者で医療機器政策や規制、診療報酬改定等様々な話で大いに盛り上がりました。

On August 29, 2025, the Medical Equipment and IVD Committee hosted a "Summer Lecture and Information Exchange Meeting" at the Gate City Osaki Hall and Room with approximately 100 participants.

The lecture, with the theme of "Diversity in Medical Care x Diversity of Values x Diverse Innovation," featured Professor Ikeda from the International University of Health and Welfare and House of Councilors member Dr. Jimi Hanako.

Professor Ikeda spoke on the topic of "Advances in Medical Technology and New Value Assessment: From the Perspective of Value Flower," in which he discussed how we should think about the diversity in the assessment of medical devices and the quantitative and qualitative aspects of their value. Representative Jimi also spoke about the process of medical policy-making, the turning point in medical policy and the role of the medical community, and future "competition policy" for medical device policy.

The information exchange session also invited representatives from the Ministry of Health, Labor and Welfare, PMDA, National Agency for Health Risk Management Research, Ministry of Economy, Trade and Industry, European Delegation, Swiss Embassy and related organizations, as well as participants from committee member companies. Over 100 participants participated, and the session was a lively discussion on a variety of topics, including medical device policy, regulations and medical fee revisions.
